## **HYPO GROUP**

The Mortgage Society of Finland Group (hereafter “Hypo Group” or “Group”) is the only nationwide expert organization specialized in home financing and housing in Finland. Hypo Group grants mortgages as well as renovation loans and consumer loans, both secured by residential property collateral, for first-time and other homebuyers. Hypo Group continuously develops new ways and models for housing and home financing.

Our customer promise – a *secure way for better living* – guides all of our operations. Nearly 28,000 customers, mainly in growth centers, have already taken us up on our promise.

The Mortgage Society of Finland, the parent company of the Group, has its domicile and administrative headquarters in Helsinki. The street address of the Mortgage Society of Finland is Yrjönkatu 9 A, 00120 Helsinki and the mail address is P.O.Box 509, 00101 Helsinki. The Mortgage Society of Finland is a mutual company governed by its member customers.

Suomen AsuntoHypoPankki Oy is a deposit bank that offers its customers deposit products, payment cards and residential land trustee services. Suomen AsuntoHypoPankki Oy is a member of the Deposit Guarantee Fund and a wholly owned subsidiary of The Mortgage Society of Finland.

S&P Global Ratings has assigned ‘BBB/A-2’ issuer credit ratings to The Mortgage Society of Finland. On 19 May 2020 S&P Global Ratings (S&P) changed the trend of economic risk for Finland’s Banking Industry Country Risk (BICRA) to negative due to deepening Covid-19 downside risks. Therefore the outlook of The Mortgage

Society of Finland was also changed from stable to negative.

Rating for the covered bonds of The Mortgage Society of Finland is ‘AAA’ (S&P Global Ratings). On 3 June 2020, the outlook was changed from stable to negative due to the negative trend of Finland’s Banking Industry Country Risk.

## **OPERATING ENVIRONMENT**

Uncertainty about the future and the second coronavirus outbreak steered the world economy throughout the third quarter of 2020. Abolition of restrictions improved the global economic outlook during the summer, but consumer confidence fell with the second outbreak. Stock price indexes were high in China and even historically high in the United States. Expectations of fast vaccine development increased risk appetites. Non-financial sector companies’ stock prices moved up in Eurozone, whereas banks’ stock prices declined during the summer. The Governing Council of ECB decided to hold the key interest rates unchanged in its September meeting. The Pandemic Emergency Purchase Programme (PEPP) was decided to be continued until the crisis stage is over. The risk-free interest rates remained historically low and 12 months Euribor rate fell to -0.443% by the end of September.

The recession of the Finnish economy continued during the third quartile as the working day adjusted change of total output from previous year’s corresponding month declined 2.7 % in July and 3.3% in August. The number of unemployed job seekers went up by 97,000 persons in August. The unemployment rate went up to over 7% and disguised unemployment rose together with the number of underemployed.

Prices of old dwellings went up by 2.1% from previous year in the metropolitan area, whereas the falling trend of housing prices in depopulated areas continued. The transaction volumes recovered from their fall in the spring. The housing loan stock growth was 2.7% in the end of August and the average interest rate on new mortgage loans was 0.87%.

The cubic volume of new approved building permits fell between May and July by 35.4% from previous year's corresponding timeframe. The year-on-year change in consumer prices was 0.2% in September.

## KEY EVENTS

During the financial period, Hypo Group focused on strengthening its core businesses. The renewal project of the core banking system, launched in 2019, has progressed as planned.

The first year-half was marked by the COVID 19 pandemic and the abnormal situation in the financial markets caused by it. During the financial period, the situation calmed but precautions have been taken to prepare for the second wave of the pandemic. The Group has continued to practise remote working and has succeeded in maintaining its ability to function.

The pandemic has not had a major effect on credit demand as the number of loan applications remained on a high level during the financial period. The amount of non-performing loans remained on a low level and it is not expected to grow during the next financial period. The Forward Looking Factor (FLF) affecting the amount of Expected Credit Losses (ECL) rose back to its basic level during the financial period due to the recover of consumer confidence. There has

been no major changes in ECL levels or amounts.

## RESULTS AND PROFITABILITY

### July–September 2020

Hypo Group's operating profit was EUR 2.9 million (EUR 2.5 million for July–September 2019). Income totaled EUR 5.9 million (EUR 4.9 million) and expenses EUR 2.9 million (EUR 2.4 million).

### January–September 2020

Hypo Group's operating profit was EUR 5.1 million (EUR 6.4 million for January–September 2019). Income totaled EUR 16.1 million (EUR 15.2 million) and expenses EUR 11.0 million (EUR 8.8 million). Both income and expenses grew; expenses especially due to the growth of other operating expenses and the conservative expensing without activating the internal expenses of the core banking project. The largest single expense item was the yearly contribution to the Single Resolution Fund EUR 1.7 million (EUR 0.9 million) which was fully expensed during the financial period. The contribution grew by more than 80 % from the previous year and represented as much as 15 % of total expenses. Net interest income continued to grow to EUR 10.8 million (EUR 10.4 million) due to lower funding costs and the growth of other interest income. Net fee and commission income totaled EUR 2.8 million (EUR 2.7 million).

Net income from investment properties (housing units and residential land) amounted to EUR 2.4 million (EUR 2.2 million), of which sale profit from investment properties were EUR 0.2 million (EUR 0.1 million).

Group's cost-to-income ratio was 67.9% (58.2%). The increase was mainly due to the growth of administrative expenses and other

operating expenses, especially the contribution to the Single Resolution Fund.

Group's other comprehensive income EUR 4.6 million (EUR 6.6 million) includes EUR 4.2 million (EUR 5.2 million) profit for the financial period as well as the change in the fair value reserve EUR 0.1 million (EUR 1.1 million) and the revaluation of defined benefit pension plans EUR 0.4 million (EUR 0.3 million).

## **PERSONNEL**

On 30 September 2020, the number of permanent personnel was 58 (53 on 31 December 2019). The increase in the amount of permanent personnel was due to strengthening the resources of the renewal project of the core banking system. These figures do not include the CEO and the deputy to the CEO.

## **ASSETS AND LIABILITIES**

### **Lending**

During the first year-half, the loan portfolio decreased slightly due to the sale of certain parts of the loan portfolio, but increased again during the financial period to EUR 2,520.4 million (EUR 2,586.1 million on 31 December 2019).

Hypo Group has an entirely residential property-secured loan portfolio.

The average Loan-to-Value ratio of the loan portfolio continued to strengthen and was 33.8% (35.3% on 31 December 2019) at the end of the financial period.

The amount of non-performing loans remained low at EUR 3.2 million (EUR 2.7 million on 31 December 2019), representing 0.13% of the loan portfolio (0.10%).

### **Liquid assets and other receivables**

At the end of the financial period, cash and cash equivalents in accordance with the cash flow statement, combined with current account and other binding credit facilities, totaled EUR 551.7 million (EUR 539.1 million on 31 December 2019), which corresponds to 17.3% (16.7%) of the total assets. The cash and cash equivalents which totaled EUR 548.7 million consisted of assets distributed widely across various counterparties, and of debt securities tradable on the secondary market, of which 100.0% (100.0%) had a credit rating of at least 'AA-' or were of equivalent credit quality and 100.0% (94.7%) were ECB repo eligible. Liquidity covers wholesale funding cash flows for the following 30 months. The Liquidity Coverage Ratio was 180.5% (163.8%).

The defined benefit plans surplus of EUR 5.0 million (EUR 4.6 million on 31 December 2019) from the Mortgage Society of Finland's pension fund has been recognized in Group's other assets.

Hypo Group offers rental apartments and residential land for its customers. Hypo Group's properties are located in selected growth centers, mainly in the Helsinki Metropolitan Area. The property in Hypo Group's own use, the Mortgage House, is located in the center of Helsinki. The difference between the fair value and the book value of the properties totaled EUR 4.9 million (EUR 5.0 million on 31 December 2019). Group's properties carry housing company loans for EUR 0.9 million (EUR 1.1 million 31.12.2019).

### **Derivative contracts**

The balance sheet value of derivative receivables was EUR 27.5 million on 30 September 2020 (EUR 19.4 million on 31 December 2019), and the value of liabilities was EUR 9.7 million (EUR 7.6 million).

## **Deposits and other funding**

The total amount of deposits decreased slightly and was EUR 1,504.3 million on 30 September 2020 (EUR 1,628.8 million on 31 December 2019). The share of deposits accounted for 50.4% (53.6%) of total funding.

Since 2016 the Mortgage Society of Finland has issued covered bonds, totaling EUR 1,450 million (EUR 1,300 million) at the end of the financial period. The amount of certificates of deposit issued was EUR 81.5 million (EUR 36.5 million).

The share of long-term funding of total funding was 47.1% (46.5%).

The total funding at the end of the financial period was EUR 2,986.8 million (EUR 3,041.1 million).

## **RISK TOLERANCE AND RISK MANAGEMENT**

At the end of the financial period, Hypo Group's equity amounted to EUR 134.4 million (EUR 129.8 million on 31 December 2019). The changes in equity during the period are presented in Group's statement of equity attached to this Report.

Group's CET1 capital in relation to risk-weighted assets on 30 September 2020 was 13.8% (13.4% on 31 December 2019). Profit for the financial period is included in the Common Equity Tier 1 capital, based on the statement by the auditors. In measuring credit risk, the standardized approach is used. Group's own funds are quantitatively and qualitatively on an adequate level in relation to Group's current and future business. At the end of the financial period, Group's Leverage Ratio was 3.8% (3.7%).

The Finnish Financial Supervisory Authority (The Finnish FSA) has set a discretionary additional capital requirement of 1.25 percent

(Pillar 2 requirement) to the Hypo Group. The requirement is to be met with Common Equity Tier 1 capital (CET 1). The requirement entered into force on 31 December 2019 and it will remain in force until further notice, however not longer than until 31 December 2022. The decision was made as a normal part of the Group's continuous supervisory review.

The additional capital requirement of 1.0 percent (the systemic risk buffer), which entered into force on 1 July 2019, has been removed based on the decision made on 6 April 2020 by the Finnish FSA.

The Finnish Financial Stability Authority has not set a minimum requirement for own funds and eligible liabilities (MREL) for the Hypo Group.

During the accounting period, the Finnish FSA has classified the Mortgage Society of Finland as a small and non-complex institution as defined in the Capital Requirements Regulation (EU) 2019/876 (CRR II) which will enter into force on 28 June 2021. The classification enables the Hypo Group to benefit from the simplification of requirements of CRR II according to the principle of proportionality.

There have been no significant negative changes in the risk levels during the financial period. More detailed information on risk management practices and on capital adequacy is published with the Annual Financial Statements.

## **KEY EVENTS SINCE THE END OF THE FINANCIAL PERIOD**

Since the end of the financial period of 1 January – 30 September 2020, no significant changes have occurred in the outlook or financial standing of the Mortgage Society of Finland or its Group.

## **FUTURE OUTLOOK**

The coronavirus affects significantly to the economic outlook. Unemployment increases and economic development remains fragile until a possible cure is released. Housing markets in the growth centers are relatively strong even during the pandemic.

Urbanization continues even in the time of a crisis, albeit at a slower pace. Ability to recover from the economic crisis varies widely across different areas in Finland with the Helsinki region among the strongest. Low interest rates, investors and stimulus from the government support newbuilding activity. Housing loan demand remains volatile and pricing will diverge between different customers and areas.

Hypo Group focuses on renewal of its core systems and on strengthening its core business and expects the share of profit made by it to continue to rise following the increase of net interest and net fee income. Capital adequacy continues to strengthen.

The operating profit for 2020 is expected to be slightly smaller than in 2019. The expectation contains uncertainties due to the development in economy and interest rates. The coronavirus pandemic has a major effect on the economy and is the largest single factor creating risks and uncertainty in the near future.

## NOTES

### 1. Key accounting policies

This Interim Report applies the same IFRS accounting policies as the Group's Financial Statements on 31 December 2019. The Interim Report has been prepared in accordance with the IAS 34 standard (Interim Financial Reporting) approved in the EU. No other new standards or interpretations with material effect on Hypo Group's financial position, profit or equity, entered into force in the financial period beginning 1 January 2020.

The Interim Report does not contain all information and Notes that are required in the annual Financial Statements. The Interim Report should be read in conjunction with the Group's Financial Statements 2019 and Stock Exchange Releases published during 1 January to 30 September 2020. The figures in the tables in the Report are presented in thousands of euros.

Parent company of the Group, the Mortgage Society of Finland has its domicile and administrative headquarters in Helsinki. The street address of the Mortgage Society of Finland is Yrjönkatu 9 A, 00120 Helsinki and the mail address is P.O.Box 509, 00101 Helsinki. Hypo is a mutual company governed by its member customers.

The Interim Report has been approved by the Board of Directors of The Mortgage Society of Finland to be published on 30 October 2020. The Interim Report has not been audited.

Hypo Group's business operations constitute a single segment, retail banking.

Hypo Group's consolidated financial statements cover The Mortgage Society of Finland as well as the deposit bank Suomen AsuntoHypoPankki Oy, of which The Mortgage Society of Finland owns 100 percent, and Bostadsaktiebolaget Taos, of which the Group companies own 54.6 percent. The financial statements of AsuntoHypoPankki have been consolidated using the acquisition cost method. Ownership in housing company Bostadsaktiebolaget Taos is accounted for using IFRS 11 Joint Arrangements -standard. Assets, liabilities, revenue and expenses of the joint operations are recognized in relation to Hypo Group's interest in the joint operation. Inter-company transactions and balances between Group companies are eliminated.

### 2. Issuances and repayments of debt securities and equity instruments

Issuances, repayments and repurchases of debt securities appear on cash flow statement for the period from 1 January to 30 September 2020. Equity instruments have not been issued nor repaid during the period from 1 January to 30 September 2020.

Derivative contracts consist of interest rate swaps with various counterparties for hedging purposes.

Fair value determination principles:

A: Quoted price on an active market

B: Verifiable price, other than quoted

C: Unverifiable market price

Fair values and valuation principles are disclosed above for items that are measured at fair value on a recurring basis. The fair values of debt securities (financial assets) are presented based on public quotes from active markets. The fair values of derivatives are calculated by discounting the future cash flows of the contracts using the market interest rates of the closing date. Fair values are presented excluding accrued interest.

**Key indicators and alternative performance measures are reported together with indicators defined and named in the IFRS standards in order to give useful additional information on the business operations. Key indicators and alternative performance measures describe the economic profit, financial standing or cash flows from business operations, but are other than the indicators defined and named in the IFRS standards. The indicators defined in the Capital Requirements Regulation (EU 575/2013) CRR, describe the risk-absorbing capacity of a credit institution.**

**Definitions of Alternative Performance Measures:****Operating profit/profit before appropriations and taxes, milj. €**

Interest income + income from equity investments + fee income + net income from financial assets at fair value through other comprehensive income + net income from currency operations and securities trading + net income from hedge accounting + income from investment properties + other operating income – (administrative expenses + depreciation and impairment losses on tangible and intangible assets + other operating expenses+ expected credit losses on loans and other commitments)

**Return on equity % (ROE)**

$$\frac{\text{Operating profit - income taxes}}{\text{Equity + accumulated appropriations less deferred tax liabilities (average total at the beginning and end of the year)}} \times 100$$

**Cost-to-income ratio, %**

$$\frac{\text{Administrative expenses + depreciation and impairment losses on tangible and intangible assets + other operating expenses}}{\text{Net interest income + income from equity investments + net fee and commission income + net income from currency operations and securities trading + net income from financial assets at fair value through other comprehensive income + net income from hedge accounting + net income from investment properties + other operating income}} \times 100$$

**LTV-ratio (Loan to Value, average), %**

$$\frac{\text{Receivables from the public and public sector entities}}{\text{Fair value of collateral received against the receivables from the public and public sector entities}} \times 100$$

Loan-to-value ratio is calculated by dividing the outstanding loan balance with the fair value of the total amount of the collaterals allocated to the loan. Only housing and residential property collaterals are taken into account. The average LTV ratio is the weighted average of individual loan-to-value ratios.

**Expected credit losses, %**

$$\frac{\text{Expected credit losses from loans to the public in P\&L}}{\text{Lending to the public at the end of the period}} \times 100$$

**Loans/deposits %**

$$\frac{\text{Receivables from the public and public sector entities}}{\text{Deposits}} \times 100$$

**Deposits out of total funding, %**

$$\frac{\text{Deposits}}{\text{Total funding}} \times 100$$

Total funding includes liabilities to credit institutions, liabilities to the public and public sector entities, debt securities issued to the public as well as subordinated liabilities.

**Long-term funding out of total funding, %**

$$\frac{\text{Total funding with a remaining maturity of 12 months}}{\text{Total funding}} \times 100$$

Total funding includes liabilities to credit institutions, liabilities to the public and public sector entities, debt securities issued to the public as well as subordinated liabilities.

**Short-term liquidity, months**

Coverage of short-term liquidity to wholesale funding cash flows (difference of days multiplied with 365 (days in a year) multiplied with 12 (months in a year))

**Average number of personnel**

Number of personnel includes those in employment relationship during the financial year (excl. The CEO and the COO). Average number of personnel is calculated by dividing the sum of the number of permanent full-time personnel at the end of each month by the total number of months.

**Definitions of Key Financial Indicators set out in EU's Capital Requirements Regulation:**

<b>Non-performing assets, % of the loan portfolio</b>	$\frac{\text{Receivables from the public and public sector entities deemed unlikely to be paid + receivables past due and unpaid over 90 days}}{\text{Receivables from the public and public sector entities}} \times 100$ <p>Non-performing assets are presented in accordance with the EU's Capital Requirements Regulation (575/2013).</p>
<b>LCR-ratio, %</b>	$\frac{\text{Liquid assets}}{\text{Outflow of liquidity – Inflow of liquidity (within 30 days)}} \times 100$ <p>LCR-ratio is calculated in accordance with the EU's Capital Requirement Regulation CRR (EU 575/2013).</p>
<b>Leverage Ratio, %</b>	$\frac{\text{Tier 1 Capital}}{\text{Total exposure}} \times 100$ <p>Leverage Ratio, % is calculated in accordance with the EU's Capital Requirement Regulation CRR (EU 575/2013).</p>
<b>Common Equity Tier 1 (CET1) ratio %</b>	$\frac{\text{Common Equity Tier 1, CET1}}{\text{Total risk}} \times 100$ <p>The capital requirement for total risk is calculated using the standard method. The capital requirement for operational risk is calculated using the basic method.</p>

**Description of Alternative Performance Measures:**

**Operating profit, profit before appropriations and taxes** is an indicator of profitability in the financial statement describing the net revenues from business operations after taking into account expenses, expected credit losses/impairment losses and depreciations.

**Return on equity % (ROE)** measures profitability of business operations by revealing how much profit is generated in relation to the equity accrued over a financial period. The Mortgage Society of Finland is a mutual company and thus it does not pay dividends.

**Cost-to-income ratio, %** describes business performance by comparing total costs to total income. The less input is used to accumulate revenue, the better the efficiency.

**LTV-ratio (Loan to Value, average), %** compares the outstanding balance of credit owed by a customer to the fair value of the collaterals provided by the customer. The ratio reflects a credit institution's lending in relation to its collateral position.

**Loans / deposits, %** describes the relation of lending to deposit funding. A ratio exceeding 100 per cent indicates that in addition to deposit funding, wholesale funding and equity are used as funding sources.

**Deposits out of total funding, %** indicator describes the structure of funding.

**Long-term funding out of total funding, %** the ratio describes the structural funding risk of a credit institution. Long-term funding extends the planning and implementation horizon of the credit institution's funding therefore reducing the risk of having to raise funds under disadvantageous market conditions.

**Short-term liquidity, months,** describes the coverage of short-term liquidity to wholesale funding cash flows.

**Average number of personnel** describes the personnel resources available.

**Expected credit losses, %** compares expected credit losses in P&L from the loan portfolio to the loan portfolio in total. The smaller the ratio the less credit losses are expected in the future.

## ***Opinion on the review of the 1 January – 30 September 2020 Interim Report of the Mortgage Society of Finland (Translation)***

### Introduction

We have performed a review of the Mortgage Society of Finland's balance sheet of 30 September 2020, income statement, statement of changes in equity and the cash flow statement for the nine months period ended, as well as the summary of significant accounting policies and other Notes. The Board of Directors and CEO are responsible for preparing the Interim Report and ensuring it provides accurate and sufficient information in accordance with the International Financial Reporting Standards (IFRS) approved in the EU, and other statutes and regulations concerning the preparation of the Interim Report in effect in Finland. Based on the review we have performed, we are issuing an opinion on the Interim Report in accordance with the Securities Act Section 2, Article 5a(7).

### Scope of review

The review was performed in accordance with the International Standard on Review Engagements 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity'. A review of interim financial information consists of making enquiries, primarily with persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially narrower in scope than an audit conducted in accordance with international standards and recommendations on auditing, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying Interim Report is not prepared in accordance with the International Financial Reporting Standards (IFRS) approved in the EU and other statutes and regulations concerning the preparation of the Interim Report in effect in Finland. The Report provides accurate and sufficient information on the financial standing of the entity on 30 September 2020 and the result and cash flows of its operations for the nine months period ended.
